HIGH SCHOOL BACCALAUREATE SERMON PREACHED BY REV. CARL

Immense Crowd Throngs High School Auditorium For Notable Event

MUSICAL PROGRAM A FEATURE

Prof. I. T. Daniel Conducts Charleroi Choral Club in Rendition of Trio Of Anthems, One of Which He Composed.

"Be true to the dreams of thy youth" was the advice sounded to the members of the graduating class of 1915 of high school by Rev. Wellington G. Carl, pastor of the First Baptist church in his baccalaureate sermon to the class at the high school audiaorium Sunday evening. The sermon was preached particularly to the class of 15 graduates and those who have finished the commercial department course, and generally to an immense throng of people who churches has suspended services for packed the auditorium. Nearly all had suspended services for the evening to unite in the high school event

On the stage were seated Superintendent T. L. Pollock, the ministers who assisted in the evening's service and the Charleroi Choral club, with Prof. I. T. Daniel, the director. The members of the class occupied seats in the center section. Principal S. R. Grimm and members of the high school faculty sat with the class.

The service opened with a hymn by the choral club and the congregation, "God is My Salvation," this being followed by the invocation by Rev. C. P. Basman of Christ Lutheran church. The choral club sang a number and Rev. John R. Burson of the Washington Avenue Presbyterian church read the scripture lesson of the evening. Another hymn, "Day is Dying in the West" was sung and Rev. Wesley Mead, Ph. B., offered prayer. Two more anthems by the choral society and a third hymn were others of the program. Rev. T. E. Wilson of St. James' A. M. E. church at the conclusion of the program pronounced the benediction.

One of the brightest features of the service was the singing of the Charleroi Choral club under the direction of Prof. I. T. Daniel, and one of the most enjoyed anthems was a comosition of Prof. Daniel's "Sing Unto the Lord." Other numbers rendered effectively were the "Hallelujah Chorus" from Handel's Messiah, and "The Day is Past and Over," by Reed. All numbers were so sung that they showed the effect of splendid training. Soloists were Mrs. I. T. Daniel and Warren Kinder. Miss May Barth played the accompaniments in splendid manner.

Rev. Carl took for the subject of his discourse, "'Education and Character Building,' and his scriptural reference Amos 7, 7:8, referring to the use of a plumb-line. In developing his argument Rev. Carl made use of the illustration of a plumb-line He said that walls that have stood for centuries without bending an inch eloquently testified to the character of the workmanship of the men who built them. He told the graduates,

101 RANCH WITH JESS WILLIARD BOOKED FOR CHARLEROI JUNE 17

Big Tented Wild West Aggregation Scheduled to Appear Here—Has Been Pasing Up Charleroi.

Charleroi will have a sure enough "big tent show" this summer, the 101 Ranch Wild West shows having been booked to appear here on June 17. Advertising matter, it is expected will be started shortly.

The booking of this big show will give Charleroi people an opportunity to see Jess Williard, the heavy weight pugilistic champion of the world, who is traveling with the 101 shows. The troupe has played here on various occasions, but during the last few years has been passing up Charleroi.

SPEERS PEOPLE AFTER AUTOISTS

Forty-Three Machines Counted Overspeeding Sunday After Accident

TWO RUN LIKE LIGHTNING

On Sunday afternoon Margaret Chalfant, daughter of Mr. and Mrs. C. K Chalfant of Speers in company with two companions had a narrow escape from injury by an automobile on the state highway between Charleroi and Speers. An automobile was coming each way. In passing, the rapidly moving machines were crowded to the edge of the roadway, and one of them knocked a camera from the hand of Margaret, breaking it beyond repair. The reckless driver went on.

Burgess Walters is determined to stop fast driving in Speers borough, maintaining that people who cannot afford a machine have as much privilege to the streets as those who do own them.

Forty-three numbers of machines were taken Sunday for fast driving in about an hour. Two passed so rapidly, it is said, their numbers could not be distinguished.

SCHOOL EVENTS ARRANGED FOR CLOSING WEEK; PICNIC COMMITTEES APPOINTED

Closing Exercises Tonight for Commercial Department, Tomorrow Night for Academic Department---Picnic Preparations Outlined

Arrangements are being made for the closing events of the school season, this being the last week This evening the closing exercises of the commercial department will be held at the high school auditorium, when Dr. Henry W. Temple, former congressman from the district will make the address.

Tomorrow night the commencement exercises for the academic department will be held and Chancellor Samuel Black McCormick of the University of Pittsburg will make the address.

Wednesday will be the day of the school picnic at Eldora park. Committees have been appointed and preparations made for the event. A sports' program will be carried out, announcement of which will probably be made Tuesday. Following are the picnic committees to look after the school children of the various schools:

Fifth street building—Dr. F. C. Stahlman, Dr. J. K. Smith, Dr. F. M. Faddis, F. P. Grant, D. R. Davall, T. H. Warrensford, C. C. Stephens, D. R. Hormell.

HORSE AND MOTORCYCLE COME TOGETHER WITH FATAL RESULTS SUNDAY TO FORMER

West Newton Young Men Suffer Loss of Animal While Driving on Road Between Here and Speers---Automobile Blamed for Mishap

Henry Williams and brother, Daniel of West Newton suffered the loss of a driving horse on the Speers road when a large four-cylinder motorcycle driven by M. J. Layman of Monessen crashed into the horse Sunday night.

Layman was driving at a good speed when the dimming headlights of an automobile confronted him just as he was about to pass the buggy occupied by the Williams brothers. The automobile lights blinded him so that the approaching buggy was invisible. In his endeavors to pass the automobile he crashed into the horse. A front and a rear leg of the horse were broken. The injured animal was later shot by Policemen James Murphy. Layman received a couple of cuts on his legs. The dead horse was owned by the father of the Williams brothers.

LATEST COMPOSITION ONE OF MUCH BEAUTY

Prof. Daniel's Anthem, "O Sing Unto The Lord" Sung for First Time Sunday Evening at High School Auditorium.

Prof. I. T. Daniel, supervisor of music in the Charleroi schools has composed many songs and anthems, but probably one of his best chorus compositions was that composed especially for the high school baccalaureate service Sunday night. The name of the composition was "O Sing Unto the Lord." It was capably sung by the Charleroi Choral club, under his direction. The production of the anthem has added another laurel to the heap of Prof. Daniel's. He is known as one of the thirteen leading Welsh chorus conductors in the United States, and his friends among the leading musicians of the country are legion. He has not decided whether or not he will have his latest composition prepared for market, but a safe guess is that when some of his friends as for instance W. Rys Herbert, sees it, it will be sent forthwith to the publishers.

THOMPSON RECEIVERS SELL BIG COAL TRACT AT $2,000 PER ACRE

Most Important Business Deal Since Fayette Bank Suspension is Reported

CONSIDERATION TO BE CASH

Money Will be Paid Over by W. J. Rainey—Improvement in Coke Market Creating Better Impression Among Coal Operators.

What is without doubt the most important business deal consummated in Fayette county since the suspension of the First National Bank, at Uniontown was the sale by W. A. Stone, for the receivers of J. V. Thompson of 76 acres of Connellsville coal underlying what is known as the Johnson farm, adjacent to Revere, to W. J. Rainey. It is understood that the price was about $2,000 per acre.

The consideration will be paid in cash and will come to Uniontown, most of it to the Citizens Title and Trust company, which holds a mortgage on the tract.

Mr. Stone, accompanied by Mr. Thompson and J. G. Carroll, counsel for the Rainey interests, left Sunday evening for New York to arrange for the presentation of the sale to the court for confirmation.

The price paid for the tract is regarded in the Uniontown coal circles as a re-establishment of the prices formerly commanded by Connellsville basin coal and as confirmation of Mr. Thompson's views as to the values of his holdings.

Though this particular deal is not large it is believed to be the forerunner of a series of important transactions that will restore business conditions in Uniontown to normal.

W. J. Rainey was the pioneer of the Klondike region operations. There are more than 2,600 ovens operated under his name in the Connellsville region and there are none more successful.

The judgment of the men conducting the Rainey affairs will be accepted as sound in quarters where it will count.

The improvement in the coke market in sympathy with the improvement in the steel market is creating a better opinion of coal properties among coal operators and the prospect of necessities in the near future is regarded by those men most familiar with the situation as a most promising feature of the market for coal lands.

SCHOOL PICNICS TO BE GIVEN DURING THIS WEEK AT ELDORA

First Week of Park Season to be Featured by Gatherings of Educational Folk—Charleroi Wednesday.

Various picnics will feature the first week of the season at Eldora park. On Tuesday the Roscoe schools will have their outing and on Wednesday will come Charleroi's outing. Then on Thursday the Monongahela schools will have their picnic. The same sort of arrangements are being made for each.

The park opened up Friday evening with a dance for patrons. Sunday was a concert day the band engaged for that occasion being the Donora Steel Works' band, one of the best leading musical organizations along the Monongahela valley.

GOOD ROADS DAY WORK ARRANGED

Observance Will be Carried on Here as Well as at Other Points in State

TO MEET EARLY WEDNESDAY

Good weather on Wednesday, and throughout the state work will be carried on in the celebration of Good Roads' day. Charleroi will be one point from which work will be carried on, and committees will have complete charge of the work, with J. J. Hott as general supervisor.

Committees that were appointed last Friday have been arranging things for the day and will have sufficient teams, wagons and so forth provided. The place of gathering, as last year, will be at the borough building with 7 o'clock in the morning as the hour.

It is expected a large number from Charleroi will work on the roads in the vicinity, some of which are in need of attention. There will be a general improvement all over the county, and for that matter all over the state.

BUSINESS CERTAINTIES.

Were it not for the ravages of the European war, the United States would certainly be experiencing decided business improvement says Henry Clews, the New York financier and observer. Home conditions are unquestionably more satisfactory than they have been for many months. Our banking situation is sound and the operations of the new Federal reserve system are proving a potent factor in rebuilding confidence. Money is easy, and those in good credit have no difficulty in securing all reasonable accommodation. Bank clearings posess increased activity beyond a doubt. In the second week of May the increase in the leading cities was over 12 per cent. In the first week of May the returns at all cities showed an increase of nearly 30 per cent. This latter total was largely swelled by activity in the Ney York Stock exchange, but the clearings outside of New York exhibited a gain of nearly 10 per cent. No more conclusive evidence of legitimate improvement could be offered than these figures.

Industry is improving and while our mills are not running on full time except when occupied with war contracts, their output is steadily expanding. Steel mills are daily adding to their product, which is now estimated at nearly 80 per cent of capacity. Our railroads are placing orders for equipment rather more freely, and big foreign orders for shrapnel, ordnance, barbed wire, etc., are keeping a number of plants running day and night. Our cotton and woolen mills are also better occupied with war contracts, their output is steadily expanding. Steel mills are daily adding to their product, which is now estimated at nearly 80 per cent of capacity. Our railroads are placing orders for equipment rather more freely, and big foreign orders for shrapnel, ordnance, barbed wire, etc., are keeping a number of plants running day and night. Our cotton and woolen mills are also better occupied, although there is still much room for improvement. Building operations, though not up to the average, are increasing. Railroad traffic is growing on some roads, but is unsatisfactory on others. Our crop outlook is naturally indefinite at this time, since planting is still incomplete. A large acreage is anticipated for all important crops, except cotton; good prices seem probable and the agricultural districts of the west are still reflecting the beneficient effects of last year's rich harvest. Wheat is promising fairly well in spite of damage reports, which are probably exaggerated. This brief review of important factors shows that our home business situation is generally sound and promising.

There is only one influence preventing more positive recuperation and that is less confidence in an early ending of the war. The outcome of the Lusitania incident is still a matter of suppressed concern.

MRS. GEORGE NEWTON.

Within the past week Charleroi lost in the untimely death of Mrs. George Newton a woman of truly noble character and one whom the community loved and will mourn. But such was her life and so numerous were her past deeds of loving kindness that her wonderful influence will live and develop in other lives, strengthened by her helpful words and words of uplift.

Mrs. Newton was one who believed in humanity. Never was a person turned away hungry from her door.

A wanderer on the face of the earth, tired and discouraged found in her the same friend that her neighbors knew, and loved. The distressed found in her a sympathetic listener, and a comforter in their woes. She never complained, but found joy in service, living a true, wholesome life devoted to others and finding in their joy her joy.

"Flowers for the living" was given every day expression by her life. "Love thy neighbor" was a divine injunction she obeyed literally, if unconsciously. Her's was a friendship that counted.

MAKES UNSUCCESSFUL ATTEMPT AT SUICIDE

John Csupruka, an Austrian aged 40 years and a miner living at house 29 at the Mongah mines, made an unsuccessful attempt upon his life Sunday night. He is married and has a wife and two children living in the old country. It is thought that the man attempted suicide through a fit of despondency. He used a sharp instrument in an endeavor to cut his throat, his wind-pipe being slightly severed. Dr. J. W. Allen of Monongahela was called and the injured man was rushed to the Memorial hospital. At present he is in a very serious condition and slight hopes are entertained for his recovery.

Bits of Byplay

The Wise Fool.

"Men are slow to embrace an opportunity," remarked the sage.

"But they are always looking for a chance to buy a delusion," added the fool.

You Know Him.

He smiled as a friend passed by,
And at him a cake of ice threw;
He was not a bit glad to see that friend,
For this he knew a dollar's worth of time
To get to save a penny.

Bang!

"Why do you call your boss Gridley?" asked the old fogy. "I thought his name was Jones."

"It is," replied the grouch. "But we all him Gridley because he fires when he gets ready."

Fair Warning!

Speak the fair
Right in the eye,
Or hell certainly
And you will die.

Well, What Was It?

With this issue of the Ledger the present management ceases and the owner of the plant, F. E. Baker, will take charge.

Betcha!

Don't cuss the wealthy men you see,
Don't rave and throw a fit;
We'd all be millionaires if we
Could get away with it.

Because He Thinks You Can't See the Load.

Dear Luke—Why is it that the only time a man doesn't object to carrying a package on the street is when he has a load?—Parkersburg, W. Va.

Cheer Up!

Be thankful, son, for your small lot,
And do not make a kick,
For lots of things you haven't got
Would only make you sick.

Luke McLuke Says:

Did you ever stop to think that maybe the other fellow's faults that are so apparent to you may only be reflections of your own faults?

The fellow who used to sit around and blame his hard luck on the tariff is now sitting around and blaming his hard luck on the fact that the tariff has been removed.

Cheer up! If it wasn't for the hills on the road the journey would be mighty monotonous.

If you want to discover a man's weak points let him do all the talking while you are doing all the listening.

Some people won't be happy in heaven unless they can get to go south in winter and north in summer.

Before marriage a man imagines two can live as cheaply as one. But it doesn't take long for the grocery bill to do a can to his imagination.

When a man announces that all he wants is a square deal he means that he wants to be the judge of the squareness of the deal.

Sympathy is often misplaced. But it is seldom lost.

About two years after marriage Proud Wife sizes up Proud Husband and wonders what she was smoking when she imagined that he was an able man.

There are a whole lot of fools who have no money from which to be parted.

INTERESTING BOUTS STAGED AT THE RINK

Slugging Match Among Other Battles Witnessed by Fight Fans—Biggest Show of Season Next Saturday, With Championship Aspirant Here.

In the main bout of the Charleroi boxing club's show at the rink Saturday night Kid Levo, of New Kensington had a slight shade over Tommy Levine of Pittsburg. The bout, which was a six round affair, was one of the best held in Charleroi throughout the season. In the semi-final Joe Frascatore of Donora knocked out Johnny Todd, of the same place, in the first round. Young Charles of Ellsworth and Mike Kopsie of Monessen battled six rounds that ended in an excellent draw.

The opening bout between Red Bennett of Brownsville and Young Rocco of Donora was a six round slugging match that created wild excitement among the fight fans present. The last show of the season will take place Saturday night and from the present indications it will be the best yet preented in Charleroi. Johnny Ray, of Pittsburg, will meet Eddy Wimler of Fairhaven in the main bout. Ray is matched to memet Johnny Kilbane, champion of the world at the Duquesne arden in Pittsburg early in June.

The semi-final will bring together Ed. Nevil of Donora and Joe Frascatore of the same place. Eddie Hazel, of Monongahela, will meet Young Jeff of Monongahela. The opening bout will be between Red Bennett of Brownsville and George Batton of Fayette City.

COUNTY OFFICIALS ON TRAIL OF MURDERER

Brutal Killing Takes Place at Hill Station Following Christening—Affair Shrouded in Considerable Mystery.

Sheriff Robert G. Lutton, County Detective F. M. Mitchell and Constables White and Miller of Canonsburg and other officials were called to the new mining town of the Henderson Coal company at Hill station as the result of a brutal murder Sunday night. The murdered man, presumably a foreigner was about 40 years of age. It was impossible to learn the name of the murdered man. The back of his head had been crushed and two revolver shots had taken effect in different parts of the body. A road lined with houses of the miners on either side was the scene of the crime. A christening had been in progress during the day and it is thought that the murder was the result of a quarrel started then. The christening had been accompanied with the usual carousing and drinking.

FEENEY EVERLASTINGLY WALLOPS JONES IN A DONORA QUOIT MATCH

William J. Feeney of Charleroi was the successful opponent of Fred Jones of Webster in a quoit match played on the Donora ball ground Saturday. The game was a return one, Jones not being satisfied with a former defeat by the same man. Considerable interest was taken in the match and a great many sporting men of the valley were in attendance. The game was a closely contested one and many wagers were made, mostly in favor of Feeney. Feeney piled up 41 points while Jones succeeded in sum-totalling only 26 points. The sum of the stakes amounted to $100, fifty dollars being placed on stake by each side.

Business fights shy of dead towns. A sure sign of a dead one is the lack of local pride. People who live in a live, prosperous town show it. Their stores are attractive, their streets clean, their homes are well painted.

Nothing shows a lack of pride, a lack of prosperity, like paint-hungry buildings. Let's paint up. As the most durable and economical paint, we recommend

Second Albino Snake Found.

What is reported to be the second albino snake ever found, and the first ever caught alive and watched carefully for purposes of scientific study as to characteristics and habits, was given to Professor Storer of the department of vertebrate zoology, by a farmer who found it in the country near Berkeley, Cal. The snake is about the size of the ordinary gopher snake, but is marked by the entire absence of color. This peculiar reptile, which has a sort of fleshy hue with a bit of a pinkish tinge, is being closely watched by the members of the class who frequent the museum of vertebrate zoology for any developments of unusual characteristics.

Rubber Stage Trees.

Pneumatic scenery and stage settings are now being used in an endeavor to make them more realistic and at the same time conserve the portableness and convenience of the present type of flat and built-up paper and wood forms. This is made of a rubberized fabric and so arranged that it may be inflated quickly and moved about with ease. The idea has been worked out in reproducing trees upon the stage, with the result that they appear very real from a short distance. A very large oak tree may be collapsed and packed in a small space for shipment.

Cynical Clerk.

The office boy in a law office of this town himself hopes to be a lawyer some day. He has begun his studies already by asking questions of the clerks whenever he hears a legal term as to which he desires information.

The other day he approached one of the clerks with this question:

"What do they mean by a contingent fee?"

"It's like this," explained the clerk; "if you lose the case your lawyer gets nothing; if you win you get nothing."—Roseleaf.

East Using Western Products.

Americans who have been influenced by the Orient to the extent of taking their tea clear, without milk or sugar, are now learning that the Occident is bent on teaching the Chinese to use milk with their decoction of tea leaves—and condensed milk at that. An enterprising condensed milk company is pushing the campaign, and expects to be successful. This concern has already introduced condensed milk ice cream to the Chinese and they like it so well that many of the restaurants keep it always on hand. Practically no fresh milk is to be had in China, although the natives seem familiar enough with the virtues of both the fresh and the condensed article. Canned salmon is another Western staple that has made a decided impression on the far East.

Fear of Poverty.

We have grown literally afraid to be poor. We despise anyone who elects to be poor in order to simplify and save his inner life. We have lost the power of even imagining what the ancient idealization of poverty could have meant: the liberation from material attachments, the unbribed soul, the manlier indifference, the paying our way by what we are or do, and not by what we have, the right to fling away our life at any moment irresponsibly—the more athletic trim, in short, the moral fighting shape. . . . It is certain that the prevalent fear of poverty among the educated classes is the worst moral disease from which our civilization suffers.—Prof. William James.

Finest Courage.

The soldier going forth to battle, the nurse ministering in the pestilent wards of our hospitals, the physician fighting virulent disease, the sailor in his lifeboat facing death with every dip of his oars, the politician cleaning out the city's haunts of viciousness, the missionary facing for the first time a cannibal group, evince no more courage than the man—or woman—who, while bending beneath his own almost unbearable burdens, at the same time will bear the burdens of others in his own home or community. God bless this uncalendared courage wherever found!

CURED OF KIDNEY TROUBLE

Ohio Man's Case Shows How Terrible Malady Can Be Conquered.

"Dear Sufferer:—Last summer I was attacked with kidney trouble. Incessant backache was the first symptom. Whenever I stooped to tie my shoes I felt a dizzy, swimming sensation in my head. It was almost impossible for me to straighten up because of my stiff back. My hands were puffed and covered with little brownish-yellow spots. The kidneys were highly congested and off in action. I heard of Lloyd's kidney and rheumatism tablets as the new and scientific treatment, so tried it. It proved a wonder. The backache and yellow spots have entirely disappeared and I now feel better in every way.

I advise you, suffering from backache, tired feelings, restlessness, nightly arising, any kidney or bladder ills or rheumatism, to get from your druggist today a few Lloyd's, the kind that cured me. Don't injure your kidneys by using salts or powerful drugs.

Signed, C. R. Hopwood, Kenton, O."

Only 5% PLUS for the Best "Non-Skid"

PRACTICALLY all Non-Skid Tires that make serious claims to non-skid efficiency cost you 10% to 30% more than Plain Tread Tires of same brand and material.

Goodrich Safety Tread Tires cost you only 5% more than our plain tread tires.

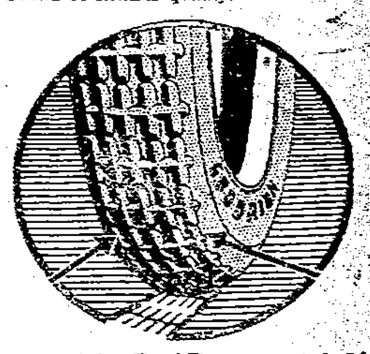
Here's how and Why!

o o o

FORTY-FIVE years of Rubber *working* (in what is now the World's *largest* Rubber Factory) has taught us a few Kinks and Short-cuts that are not common to the Trade.

One of these now comes to the help of your Pocket-book.

Through the simple process of Thinking Hard (and being Candid with ourselves) we have found a Short-Cut to make the *last* Safety Tread ever put on a Tire cost us only about 5% more than it costs to make the Plain-Tread of similar quality.



Goodrich Safety Tread Tires cost you only 5% more than our own or any other plain tread tires.

Note the following table of comparative prices on non-skid tires. Columns headed "A" "B," "C" and "D" represent four highly advertised tires:

Size	Goodrich Safety Tread	OTHER MAKES "A"	"B"	"C"	"D"
30x3	$10.65	$ 9.55	$10.05	$16.35	$18.10
30x3½	12.20	11.25	14.20	21.70	23.60
32x3½	14.60	15.45	16.30	22.85	25.30
34x4	20.75	22.50	23.80	31.15	33.55
35x4½	26.75	33.15	33.60	41.55	41.40
37x5	33.05	39.60	41.80	49.55	52.05

By testing out these Goodrich Safety-Tread Tires on a large number of Taxicabs (where they could be competitively observed and carefully checked up at the end of each day's use) and by comparing their *actual performance* with that of our own, and other Plain-Treads, of much higher price, we have had this fact forced upon us—

Viz:

—That there is SURPRISINGLY *more Mileage*, in Goodrich *Safety Tread* Tires, than in our own, or any *other*, make of *Plain*-Tread Tires.

So MUCH more *Mileage*, for only 5% more *Cost* looked so *good* to us that we decided to give Car Owners the benefit.

Here's what we now offer *you!*

The *best* Non-Skid Safety Tread ever put on the market, and it costs you only 5% more than our best plain tread tire.

HIGH SCHOOL

(Continued from page one.)

who he said were just commencing, that they were going out into life to build a career, not merely to make a living, and advised a solid foundation be built upon the "rock of moral rectitude."

"The true end of education," said the speaker, "to be trained in body, mind and heart. An education, is the best investment in the world" and along this line mentioned the millions that are being spent and the developments being made in education" "To have strong people the country must have a well instructed people, he declared.

"A misguided power is the source of greatest evil. Everything depends upon the way in which intelligence is directed. Genius working toward an evil end is a force for untold evil," said Rev. Carl who continued his argument that the school which helps to form nobility of character as well as imparts information is the school that the future ought to demand. He pleaded for a better moral and physical life, and for the expression of a strong will power in overcoming evil temptations "A finely trained will is the secret of success in the attainment of a noble character," he said, "and the mighiest defense for young people is the possession of religious principles. A plumb line needs, too, to be thrown over all business transactions"

Addressing pointedly the class, which arose, Rev. Carl in his conclusion, said: "'Let it be said of you, 'He has a master's mind;' also, 'He has the Master's mind.' Besides your own diligence in the pursuit of your studies and the faithful labors of your instructors, you owe your school privileges to the public bounty. You are under obligations to human society. May your future prove that it has been a good investment. May your careers be such that you will be an honor to your parents, your teachers, your school, state and nation, and above all to your God. May the influences that produced a Washington, a Lincoln, a Garfield and a scholarly, dignified diplomat—Woodrow Wilson—be the influences that control you through life and determine your destiny. 'Be true to the dreams of your youth.'"
